About Sportsbook Poker:

Sportsbook.com, where Everybody Bets, is enjoyed by millions of adult Americans who bet on sports, play poker and enjoy blackjack and other casino games in a regulated and licensed jurisdiction. Sportsbook.com is fully licensed by the Government of the Netherlands Antilles on the island of Curacao.

Dwarfing its nearest competitors in the US, Sportsbook.com has been the first to achieve every significant industry milestone, from record turnover to active users to number of bets--achieving a peak of fifteen bets per second. As the US online gaming leader, the firm and its products have been featured on CBS 60 Minutes, CNN, ESPN, Wall Street Journal, Barrons, Financial Times, USA Today and in every major newspaper in the US.

Sportsbook.com is owned by Jassy Sports Events Limited, Suite 427, 95 Ganu Street, B'Kara BKR06, Malta

Banking

Best Deposits & Withdrawals Options

Yes, e-cash transactions at Electronic Financial Services are safe. Your transactions will be billed by a reliable third party transaction processor. The name of this processor will be shown to you after you make your transaction so please pay close attention to this name, as it will appear on your credit card statement. Electronic Financial Services Ltd. and its processors are companies registered and regulated by Visa International to accept and process financial transactions on behalf of its clients in the gaming industry. Every credit card purchase you make is backed by the Electronic Financial Services Safe Transaction Guarantee.

Ready to get in the game? In order to begin wagering, you need to sign up for a free account and login below to make a deposit in to your Sportsbook.com account. Using the funds that are on deposit, you can wager on any sporting event, casino game or in the poker room.

Players Only Poker Accepts:

1. - Credit card (Visa, Mastercard, Prepaid Visa)
2. - eChecks and Instant checks
3. - Bank Wire
4. - Prepaid VisaCards

Security and Protection

Safe Technology: Our secure server software (SSL 128-bit encryption) is the industry standard and among the best software available today for secure online transactions. This is the same security used by the largest banks such as Chase and Wells Fargo as well as industry leaders, Microsoft and IBM. It encrypts all of your personal information including your credit card number, name and address, so that it cannot be read as the information travels over the internet.

CarbonPoker.com uses a RNG (random number generator) to ensure that all players are dealt a fair deal hand each and every game. The RNG system produces innumerable permutations and combinations in the 52-card deck that is virtually impossible to predict. Random number generator, has been tested and certified by Gaming Associates on behalf of the Kahnawake Gaming Commission as a part of the licensing process.

Good Luck and Enjoy the Game of Poker
